

Important Information to help you transition from your Optima Visa Debit Card to your new Cambridge Trust Debit MasterCard®.

Before you activate your new card, please note the following:

- Your Personal Identification Number (PIN) will remain the same as your Optima Visa Debit Card; however, the card number itself has changed.
- For security reasons, activate your new Cambridge Trust Debit MasterCard as soon as possible or **no later than December 15, 2019.**
- Once your new Cambridge Trust Debit MasterCard is activated, your Optima Visa Debit Card will be automatically deactivated.

Checklist: What you need to do once your new card is activated.

Monitor your recurring payments

- We will automatically notify your billers of the change to your Cambridge Trust Debit MasterCard and new card number.
- You should monitor these payments to verify that the biller has updated their records.

Update your card information for online purchases

If you have stored your card data with an online vendor or other merchant, be sure to update them with your new Cambridge Trust Debit MasterCard information.

Update your mobile wallet

If you use a mobile wallet, you will need to add your new Cambridge Trust Debit MasterCard number into your smart phone or smart watch.
