

## Online & Mobile Banking with BizBanker

As we transition your business relationship to Cambridge Trust, your business account(s) will move to Cambridge Trust's Online & Mobile Banking with BizBanker, our digital platform to help you increase efficiency and reduce financial risk.

**A Cambridge Trust treasury management professional will contact you personally to discuss your current business needs and customize a plan to seamlessly transition your services during the conversion on July 22, 2019.**

In addition, your treasury management professional will share additional Cambridge Trust Treasury Management solutions that you may find helpful for disbursements, collections, bookkeeping, fraud prevention, and more.

We look forward to working with you and helping your business thrive.
